

Are you living in the Power of God and Overcoming Spiritual Warfare?

Living in the power that God made available through his son Jesus Christ is an intentional effort of Faith. Faith is necessary in order to defeat the devil in spiritual warfare, to overcome the thoughts that impede our faith, and most importantly to access the power made available to us as believers. This requires your intentional decision to win the battles of spiritual warfare. Doing so demands an intentional fortification and focus on the Word of God with a tenacious confidence to win the war. Our adversary the devil, is strategic and plots and plans against our lives for the purpose of robbing our faith and stealing our peace. Knowing how to overcome his tricks is making the decision to win the small battles for securing winning the war. We have the victory in Christ, but it is a victory that must be taken. We must take it by force with a violent faith that won't be denied. [Matt. 11:12](#)

*We must stand in
God's Word to
win the daily battles of
spiritual warfare that is
strategized against the
body of Christ.*

I am defining spiritual warfare as opposition by the demon world and the devil to confront and steal our confidence in God. The aggressive and subtle spiritual attack against our faith causes doubt of God, insecurity, and the inability to walk and live in the peace and power of God. When considering the strategies that our adversaries uses to plot against our confidence in God and our overall success in the call of God for our lives; we must be wise, dedicated to reading and believing the Bible, and spiritually strategic for developing an understanding of the tactics planned against faith development. Being prepared for spiritual warfare begins with learning to identify the strategies of the adversary in your own life and rebuking it in full authority in Jesus Name. Finally, practice and learn to be strong in faith for overcoming everything that wars against your faith in God and in your ability to move and thrive in the Spirit. You must know who you are in God and who God is in you in order to maintain faith during spiritual warfare. Winning the battles requires an astute mindset that is developed in thinking in faith, accepting the power of faith as real inside you and then professing the Word in authority sealing it in your mind with a statement or act of praise. Now, stand on it no matter what attacks or emotions may arise to provoke fear, which can seed into doubt to be used by the devil against your confidence in victory. This occurs in the invisible world and the demon world seeks to derail your confidence in God by provoking fear of the unknown.

To overcome the natural inclination to fear the spiritual realm or the invisible unknown world, we must become a student of our thoughts and gird them up. Meaning, when they don't align with the Word of God use intentionality to do the work of reforming them. [1. Pe. 1:13](#) Resist and rebuke all defeating and doubt-based thoughts and images that enter your mind and spirit understanding they are seeds of the enemy to be used against you. It means knowing God's Word so you can proclaim it as a weapon of war against false and deceitful thoughts and wrongful words spoken to you and against you. Speak scriptures and empower your thoughts with the truth of God's promises and protection. Also, give the Holy Spirit permission to help you do the work for a power-filled life and to help you identify and overcome any seed of doubt and fear planted by the devil to capture your faith in God. This is necessary to being victorious in spiritual warfare. It learned a battle at a time, while you build faith over fear. The Power of God in you will rise to the occasion as you faith it through.

Spiritual warfare is won in the mind and empowers the spirit to power-filled faith that overcomes. To win you must fight with faith in Jesus Name. This power is heavily invested in using Jesus Name and training your mind to declare God's Word all the way to victory. Spiritual warfare demands that we spend time with Jesus in the Holy Spirit for learning how to live in the Spirit, the empowerment of faith and for discerning the voice of the Holy Spirit from the deceitful voice of the enemy. It is essentially important, to have a spirit of discernment developed and maturing in you so you can discern the activity of God and the mundanity of the day, from the wicked one. This dedication to maturity will situate you to win the battles of spiritual warfare, but you must respond in proclamation of faith taking authority over it in Jesus Name. [Luke 10:19](#)
